Lahore, Pakistan

03344142065, phatimatuzahra1@gmail.com

OBJECTIVE

A motivated and adaptable individual currently pursuing a Bachelor's degree in Computer Science. Passionate about learning, problem-solving, and contributing to meaningful work. Known for a collaborative attitude and a drive to grow both personally and professionally.

EDUCATION

Bahria University Lahore Campus

Bachelor of Science in Computer Science

CGPA: 3.36 (after 5 semesters)

Expected Graduation: 2027

SKILLS

AI/ML

Python

C++

UI/UX

SQL

PROJECTS

1.SIMOSA-APP

Home page – UI

- Improved the overall UI by creating a modern, user-friendly homepage layout.
- Enhanced visual appeal and usability for a smoother user experience.
- Focused on improving navigation and overall aesthetics of the app.

2.VR Headset

Product page – UI

- Designed a clear and simple product page for a VR headset.
- Added product details, visuals, and easy call-to-action buttons to make it engaging.
- Focused on smooth navigation so users can quickly find information.

3.Harvest AI

AI/ML Project

- Developed an AI-based Crop Prediction System using soil (N, P, K), climate (temperature, humidity, rainfall), and pH data to predict suitable crops. Implemented a simple chatbot for interactive queries about crop recommendations.

ACHIEVEMENTS / CAMPUS ACTIVITIES

GDGOC BULC

Social Media Lead (2025 Present)

- Participated in organizing and capturing society events.
- Gained exposure to teamwork, coordination, event management, and leadership.

IEEE BULC

CodeX Participant and Winner (2024)

- Participated in Web Design Competition.
